

Glass cutting boards

Short description:	Custom cutting boards made from tempered glass
Long description:	<p>Made from tempered glass, our personalised chopping boards are highly durable, heatproof, scratch-resistant and offer crystal-clear clarity. Choose from either a rectangular or circular-shaped cutting board to print your design on.</p> <p>Each personalised chopping board is finished with a chinchilla ripple effect and comes with four self-adhesive plastic feet designed to prevent it from slipping on kitchen work surfaces and protect against damage.</p> <p>Images are printed onto a pure-white base coating using dye-sublimation technology, ensuring a crisp, colourful result to help brighten up any foodie's meal prep.</p> <p>Please note: Minor variations may occur between batches due to the natural properties of toughened glass, which has a subtle green tint that varies with iron content. We recommend minimising white in your design, as it can make these differences more visible.</p>
