**Short description:**

Custom hardcover books with layflat binding

**Long description:**

Our layflat books offer a premium aesthetic with an added advantage: the pages open completely flat, preserving every detail without damaging the spine, enabling you to create stunning photo books with seamless, panoramic spreads.

Available to order with a matte-laminate front cover, each layflat book comes with 24-122 pages and gloss-coated E-Photo Lustre paper, giving your content a polished feel. Choose from a range of sizes and orientations for a truly bespoke finish.

We use a layflat binding method to allow your images to spread uninterrupted across two pages, offering a superior visual presentation.
